20-15-69, Sivalayam Street, Tenali, Andhra Pradesh

Summary

- Undergraduate AI & Data Science student with a strong foundation in AI, ML, and Data Science.
- Specialized in DevOps with hands-on experience in automation and cloud technologies.
- AWS Certified Cloud Practitioner with expertise in web development and database management.
- Led the Kognitiv Club, organizing and managing initiatives to foster innovation and collaboration.

Education

K L University <i>Bachelor of Technology in Artificial Intelligence and Data Science, Vijayawada</i>	(2022 – present) CGPA: 9.6
Shri Ram Global School, Bangalore <i>Class 12th, PCM – CS</i>	(2020 – 2022) Percentage: 72 %
Narayana E–Techno School <i>Class 10th, Tenali</i>	(2020) percentage : 98 %

Certifications

- Salesforce AI Associate Certification
- AWS Certified Cloud Practitioner
- Python (CEPYTIIN)
- Python (Basic)
- Problem Solving (Basic)

Skills

- **Programming:** Java, Python
- **Web Development:** Django, Flask, Streamlit
- **Databases:** MySQL, PostgreSQL,
- **NoSQL databases**
- **DevOps & Cloud:** Docker, AWS, Terraform
- **Scripting:** Linux, Unix
- **Testing Frameworks:** JUnit 5, locust
- **Tools:** Git, JIRA
- **Methodologies:** Agile, Waterfalls

Projects

Automated Email Outreach System (Aug 2024 — Nov 2024)

- Built a Streamlit-based tool for automated bulk email outreach.
- Integrated Outlook SMTP, MIME, and Pandas for secure and personalized email sending.
- Enabled CSV-based email generation for companies and event participants.

Smart Timetable Manager (Dec 2024 — Feb 2025)

- Developed a multi-user timetable system with role-based access and Streamlit + Supabase authentication.
- Built a data pipeline to process and upload student timetables from Excel/CSV to a cloud database.
- Designed an admin dashboard for system stats, user management, and schedule analysis.
- Implemented a student availability search for coordinating activities and meetings.
- Added advanced analytics for batch distribution, time-slot tracking, and course/room utilization.

Languages

- Telugu (Fluent)
- English (Fluent)
- Hindi (Beginner)
- Kannada (Beginner)

Extra-curricular Activities

- **Cloud Computing Intern - AICTE & AWS Academy**(Jan 2024 — Mar 2024)
Completed a comprehensive 10-week virtual internship on AWS cloud foundations, Gained practical experience with core AWS services (EC2, S3, RDS), developed scalable apps, and completed collaborative cloud migration projects.
- **Hackathon Participant**
Created full-stack applications under time constraints, honing problem-solving skills.
- **Social Intern**
Conducted a 10-day tribal welfare awareness program, building empathy and communication skills.
